Lifeline Vi unit and pendant

The Progress Lifeline Vi unit & pendant service is a quick and simple way of getting help at the press of a button if you have an accident or emergency in the home. Our self-install telecare service offers you peace of mind knowing our alarm response centre is available at the touch of a button 24/7.

The Lifeline Vi unit and pendant benefits are:

- Easy to install; plug, test and go
- Immediate on-call support 24/7
- Only requires a working analogue landline
- Discreet waterproof wrist/neck pendant
- Works in the garden (range of 50 metres from unit)
- Contact free set-up

**FREE next
day delivery

Footprint GPS location device

Are you looking for a way to stay safe either in your home, or while you are out? Our Footprint device can literally be used anywhere in the UK! Its built-in two-way communication and falls detector technology means our alarm response centre is available at the touch of a button 24/7.

Footprint benefits:

- GPS pinpoints exact position
- Uses a roaming sim for strongest signal
- Acts as a two-way communication
- Option to geo-fence pre-define areas
- Contact free set-up
